North Star.

MODEL 60 FLAKE ICE MAKER SPECIFICATION SHEET

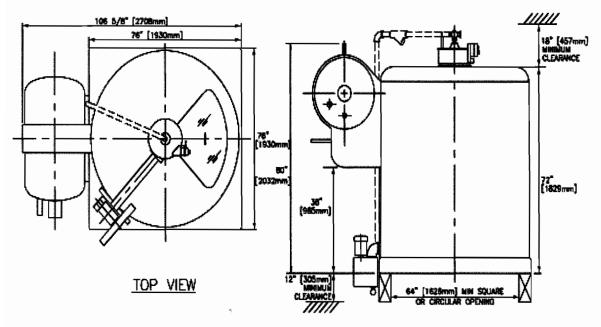

STANDARD FEATURES

- Double walled, stationary evaporator. No refrigerant seals to leak.
- Available with either a solid carbon or stainless steel freezing surface.
- Protection and safety features include mechanical load limit switch, emergency stop switch, jog switch, inspection hatch safety switch and a drive belt guard.
- Machine available for shipboard installation to produce seawater ice.
- Polyurethane insulation enclosed in molded fiberglass covers.

- Attached accumulator for complete gas-liquid refrigerant separation. (Flooded operation)
- Patented drip shield to insure complete waterice separation.
- Stainless steel water make-up tank and ice removal tools are standard. Other stainless steel options are available.
- Economical, compact, simple to install and operate with minimal maintenance.
- ◆ LIFETIME WARRANTY on North Star evaporators and PERFORMANCE GUARANTEE.

^{*}Capacity based on tons (2,000 pounds) per 24 hours, 1.5 to 2.0mm ice thickness, 60°F make-up water, and oil-free ammonia refrigerant. For other operating conditions and specific capacities, refer to our capacity curves or visit the Ice Maker Selection Tool on our web site at www.northstarice.com. Capacities in *italics* are 2.0mm ice thickness.

WATER REQUIREMENT: 0.167 GPM PER TON OF ICE PER 24 HOURS

THERE'S ONLY ONE NORTH STAR

Ice Maker Specifications

Model numbers indicate the square feet of freezing surface for each model. "CS" designates a carbon steel freezing surface; "SS" indicates a stainless steel freezing surface.

^{*} Capacity in 2,000 pound tons (909 kg) per 24 hours with -25° F (-32° C) evaporator and 60° F (16° C) water supply temperatures, \(^1/16^c\) (1.5 mm) ice thickness and ammonia refrigerant. For other requirements and conditions consult North Star or refer to our capacity guidance curves (IMC-2-SS or -CS). Specifications subject to change without notice.

North Star: The World Leader In Flake Ice Technology

Since 1950, North Star Ice Equipment Corporation has been known the world over for its line of flake ice makers and ice handling systems. The company's product line includes ice rakes and storage systems, ice delivery systems, containerized ice plants and other related products. North Star ice systems are now operating in over 90 countries in a wide variety of applications.
