

Scientific Lab

Mfg:

Model:

Stock No. CCFP1017.

Serial No.

Lab equipment

Perkin Elmer 100 atomic absorption spectrometer S/N 040 50090301. Setup for sodium testing. Comes with all books, air regulator, acetylene regulator (acetylene tank not included), exhaust hood with ducking and exhaust fan. Bought new in 2000 at about \$11,000. Very good condition.

Atago RX-5000 digital refractometer S/N 002302. For reading brix (sugar) content in juice, complete with all books. Bought new 7/3/00 at about \$9,000. Very good condition.

Hach 2100 AN turbidimeter S/N 96100000930. Checking amount of Particles in liquids. If bought new \$1,900. Good condition.

Spectronic 20D+ Model 3331883. S/N 3DUB273007. Measuring light wave passing through liquid. If bought new \$1,800. Good condition.

Abbe Mark II digital refractometer brix measurement (sugar) %. If bought new \$ 4,000. Good condition.

Seiler microlux 4 – optic microscope S/N 895077. If bought new \$1,500. Very good condition.

Corning 315 ph/ion meter hand held S/N 075695. Hand ph meter and ion meter(sodium testing). Bought new in 2000 at \$500. Very good condition.

VWR scientific- incubator Model 1500E. Oven for maintaining constant temperature for growing cultures 16 in. x 16 in. x 21 in. H. Bought new in 8/23/96 \$500. Very good condition.

Biotrace Uni-lite Model UL 1.2 S/N 94F040. Portable swab testing monitor with printer and carry case. For Bacterial detection contamination in less than 2 minutes Using hygiene swabs. Just needs new factory battery. If bought new over \$4,000. Good condition (needs new battery).

Prodigy Plus labeling system. Thermal printer.- Labels for shipping containers (boxes,pails bottles,drums). serial ports use. WITH Office lab computer system (PI 100) tape backup and monitor with HP 840C printer and desk. If bought new \$1,000 plus. Good condition.

NEW IN BOX Prodigy plus labing system. Thermal printer for labels on shipping containers. New never used in box. \$1,000

Beckman 31 digital ph meter. Lab bench type with probe and probe holder. If bought new \$200. Good condition.

VWR Dylastir Magnetic stirrer. If bought new \$200. Good condition.

Mettler Toledo College B1302 lab digital scale. If bought new \$ 140. Good condition.

Bransonic 3 - ultrasonic cleaner. Small ultrasonic was used with turbidity meter to get air out of sample. If bought new \$200. Good condition.

Assorted lab supplies – beakers, graduated flask, sample cups, brushes, blender, small test equipment and test kits. If new between \$500- 2,500. Fair to good condition.

Lab furnishings- one "L" shape lab counter 149"x84"x25"wd. With a Double basin stainless steel sink, GE refrigerator, whirlpool dishwasher, wall cabinet with microwave oven and book shelf. One separate cabinet. 70 in. x 24 in. x 24 in. If bought new \$3,000. Fair to good condition.

VWR Scientific Incubator, Model 1500E
Bausch and Lomb Antique Microscope, S/N AK737
Milton Roy Spectronic 20D+ Digital Spectrophotometer
Milton Roy Spectronic 21 Spectrophotometer
Digital Burette
Epic Hand-Held Refractometers
Atago NY Hand-Held Refractometers
Atago Hand-Held Refractometers
Maxon 4-Channel 2-Way Radios with Chargers
(3) Assorted Calculators
Sartorius Digital Scale
Ohaus 800 Series Triple Beam Scales - 5 lb.
VWR Dylastir Magnetic Stirrers
(2) Hach Ratio Turbidimeters
Simplex Time Clock.
