

2005 GEA / FES 565-GL Rotary Screw Booster Compressor – 250 HP

Mfg: GEA / FES

Model: 565GL

Stock No.: GAMB06.137a

Serial No.: 05013016

Used GEA / FES Rotary Screw Compressor Package. Model 656GL. Year: 2005. Item EC-C-6. FES Contract 05013016. Design suction: 1.3 in. / -25FF. Nominal capacity: 242.3 TR. Design Discharge: 33.5 PSIG / +20F. Brake HP: 201.5. Includes GEA micro. Refrigerant: ammonia. Removed from operation in January/February 2014. Unit has been stored indoors. Package is equipped with: Grasso brand compressor, Thermosyphon Oil Coolers, Shell and Plate style, Oversized Oil Separators, Dual Oil Filters, Motor Temperature and Vibration Sensors, Benshaw motor starter, RAM Industries motor. Compressor specs: model Y-1, serial Y0698, mark 2, year 2005, 406 PSIG MDWP, 1633 CFM, R-717. Motor specs: 250 HP, 460V, 279 FLA, 3565 RPM, 3-phase, 60 Hz, 445TS frame. Hours runtime: 21,943. Weight: 15,150 lbs. Overall dimensions: 75 in. W x 168 in. L x 115 in. H.
